

# OUT GETTING SUPPLIES WHILE YOUR DOG DIES?

Parked cars are like greenhouses. The temperature inside a stationary car can rapidly increase even on a moderately warm day.

10 minutes in a parked car, even with the window open, can lead to dehydration, heatstroke and death.

If you come across a dog left in a car on a warm day, call the Police on 999 or the RSPCA on 0300 1234 999 if the Police are unable to attend. If necessary the Police will break into the car to release the dog. Owners who leave an animal inside a locked car could face prosecution. To find out more or to download a flyer visit [www.dfordog.co.uk/hotcars](http://www.dfordog.co.uk/hotcars)
